Items discussed:

1. The children were split into 2 groups and carried out a health and safety walk around school, identifying anything that helps to keep us safe in school.
Once we all came back together we shared our observations which were:
 - Fire alarms/fire blankets/ fire extinguishers/ fire exit doors throughout school
 - Locks on doors e.g. door from corridor leading to FS playground, door from corridor to KS1 playground
 - Gates around school, with bolts
 - Hedging and fencing around the perimeter of the school and around the pond area in the KS1 playground
 - Mrs Moss office manager- allows authorised visitors to enter our school
 - Soft tarmac/ astro turf grass around the climbing equipment in both FS and KS1 playground
2. Shared with children the new playground equipment that shall be split into 3 boxes in the KS1 playground for children to play with at play times but only 1 box can be used at a given time. Explained that the School Council will be responsible in helping playground pals to tidy up the equipment and report any broken. Explained that all 3 boxes will have photos/ quantity of the equipment, to ensure all equipment is tidied away properly.
3. Discussed the sand pit in the KS1 playground. After Easter the sand pit shall be accessible to the special helpers from each full time class in school. Children in the sand pit can borrow Eco- Warriors high visibility jackets so members of staff on duty can monitor who is playing in the sand pit each day. Like the playground equipment, School Council decided there should be 3 boxes of different equipment and that 1 box can be used each day.
